Project (name)	Go Abroad at Home Fair during 28th - 29th October 2015. -planning, implementing and evaluating the event together in multicultural team
R&D methods	Student will be able to ablyto gain experience of Multisensory Method to promote interaction and dialogue between people from different cultural groups and generations. Multisensory space in Tikkurila Laurea provides shared experiences for all the senses. Its principle idea is to promote learning, the encounters between different people and different cultures and enhance well-being. The space is not supposed to be an exhibition but a place where people can meet each other while the environment acts as an inspiration for discussion and thoughts. Not only the space itself but the whole process of planning and building it with different kinds of persons is an essential part of the multisensory method.
