Evaluation criteria and methods	~EvaluationThe study unit will be evaluated based on your individual assignments, active discussion on each topic, team report and final quiz.1. Our Earth, individual work, Pass/Fail2. Social Responsibility, individual work, Pass/Fail3. Economic Responsibility, individual work, Pass/Fail4. CSR Report, team work (40%), grade 1-55. Learning diary, individual work (60%), grade 1-5Your individual assignments will be taken into consideration when calculating your final grade. All individual assignments (1-3) must be completed before you are assigned to a team for the CSR report (4).All these parts must be completed before the final grade is given. The final grade is lowered by at least

**Implementation plan Finished**

	0.5 if any work is submitted late. Please note that active discussion is required during the discussion weeks. If you fail to take part in any discussions, you are required to write a summary of that week's discussion.
Project (name)	applying social corporate knowledge in own business field (team task)
Work strain	work load is divided so that student has to complete each week some task, after passing a task it is possible to progress later during the studies students will work as a group weekly working online 5 credits $27 \times 5 = 135$ hours 12 weeks --> 10-12 working hours/task (=week)
Other arrangements	on-line studies beginning on week 38, no contact lessons be sure that you follow the timetable, logic of the course is based on cumulative thinking (it means also that all the previous tasks should be completed before you can join the next ones).if student can't follow given timetable, he/she will be removed from course

Learning events

Date	o'clock/at h	Subject	Content	Status	Teachers
			On-line implementation starting during week 36
