Focus areas	Security, safety and social responsibility, Societal security and integrity (FUAS)
Evaluation at the latest	20.06.2014 Storing of graded material ends.: 31.12.2014
Exam days	
Having completed the study unit the student is able to	· identify the structures of International Security Political Environment · describe security political guidelines e.g. in EU · describe most common crisis management organizations and mechanisms · describe the basic nature and decision making system of EU's an UN's Disaster Relief / Civil Protection mechanisms and identifies the major differences between those two mechanisms
Previous studies	
Learning objectives	Understanding of international security environment and what role corporate security has in that. Also to understand how countries and international organizations are acting in multicultural organization and what kind of a role corporate security has in that field. Security oriented political, economical and strategic decisions, selections and values are guiding countries and international organizations in their actions in multicultural environment. To understand that in multicultural businesses and organizations it is a vital asset to recognize and understand most important international organizations and international mechanism on decision making level. UN, EU and some other organizations have mechanism to ensure efficient, rapid and flexible response. In this Study Unit these mechanisms and basics of operations, ran through those mechanisms, are in main role. Also companies have remarkable role in disaster relief and civil protection mechanisms and operations.
Contents	· Basics on Security Policy and Strategy in International Environment · Basics on Civil Crisis Management systems and mechanisms · Basics on the European Community Civil Protection Mechanism · Basics on the UN Disaster Relief Mechanism · Overview on other organizations and mechanisms
Study material	Preventing Conflict, Managing Crisis; Editetd by Eva Gross, Daniel Hamilton, Claudia
