**Implementation plan Finished**

Project (name)	Possible connection to European security research project(s). To be confirmed at start of the course.
R&D methods	Assignments prepared in groups on given subject area. Group working and desk research.
Work strain	This Course is a multiform course. Some contact days can be supplemented through web-lecture or web-material. The students will be given assignments/ readings between contact days.
Other arrangements	Start of the Study Unit is at Thursday 7.9. 2015 at 1230hrs. By being present at this first contact session the student is ensuring his/hers seat on the course. On a Guest lecturer day and assignments presentation days attendance is mandatory. Failure to not show up will lead to an extraassignment given by the lecturer. The lecturer will upload pre-readings and other material into Optima, Students shall familiarize themselves with the material. A Company visit to SAKO Ltd, Rifle Company in Riihimäki is under planning. Sako is the world's most prestigious rifle and cartridge brand. This visit will take a half-day and will be voluntary but highly recommended. The visit will include company presentation, weapons in cross border environment e.g. legislation & secure transportation. If arranged, there will be a possibility for shooting trial at the SAKO factory shooting range. Visit http://www.sako.fi/. The dates and arrangements of the visit will be confirmed at the beginning of the study unit by the lecturer. The learning event plan is subject to changes, e.g. all the Guest Lecturers have not confirmed their attendance yet and some dates are still open. An up- to date plan will be introduced at the first contact day on Monday 7.9.
