Exam days	
Having completed the study unit the student is able to	The student is able to: • apply the legislation and the most common instructions and requirements on emergency preparedness according to the operations of organisations • use various risk assessment methods in identifying and assessing accident risks • create and introduce emergency plans and related documents and plans that support the core aims and the different organisational levels of a company • monitor and assess the level of emergency preparedness in the organisation and develop it
Previous studies	
Other arrangements	Contact days are in ASIO. The project will be conducted 7.3 or 12.3 at 13:00-20:00. Every student must attend one of these days. There will be a questionnaire regarding any obstacles, but the choice of day isn't up to the student, any obstacles for participation on one of the days must be well-founded. The work will continue after the project day by the student's own schedule until the final presentation. <i>NB! The project days are the same as in the study unit A9501 Physical Security. It is possible to complete the project for both on the same day!</i> The final presentation of the study unit will be held 18.4 at 9-11:30.
