| Learning objectives                                    | <b>KEY QUESTIONS</b> How do we understand human worth and human rights? What is the value foundation of social welfare work? What is an ethical conflict/problem? What are the ethical principles which guide social welfare work? Why should we be sensitive towards ethical issues, ethical problems and ethical dilemmas in our work? Why are professional codes of social work ethics necessary in our work and how are they applied in practice? Why is promoting sustainable development important in modern society and in the context of social welfare work? |
| Contents                                               | Ethics in Social Services examines the ethical principles which are a foundation of social service work based on discussions of human worth, human rights, values and morals within a sustainable development context. The students address ethical issues found in case studies which require ethical reflection and taking ethical responsibility. This includes comparing and contrasting Professional codes of ethics in different countries.                                                                                                                     |
