The final grade which will be seen on the student's certificate is made up of 50% from the oral evaluation and 50% from the written evaluation.
Muut toteutusjärjestelyt	As mentioned above this course is based on a virtual game called International Social Worker of the Year in the game platform Seppo. All details of the game will be provided in Optima. There will be assignments in the game which will be played in teams. To play in the game you will require a mobile device: phone, pad or laptop to participate. Also constructive communication (nonviolent communication) will be taught as a professional and personal communication method to facilitate self-development during the course and will be practiced during the AC sessions. The learning diary assignment is connected to this process - the student is expected to reflect on the process as it progresses.
