Exam days	
Having completed the study unit the student is able to	The student is able to • apply his/her knowledge and skills when responding to the basic nursing care needs of clients/patients. • form a care relationship. • act as a member of a team in the planning, implementation and evaluation of client-oriented care.
Previous studies	
Previous studies, more information	• The student must have attended all Basics of nursing care workshops • The R0073 Medication calculation EXAM must be PASSED prior to practice I. • Note that if you haven't met the above mentioned criteria before your first placement, then your placement should be cancelled from job step 2 weeks before the start of practice placement.
Tutoring and communication	Practice placement guide and learning contract are found in Amm harj/ Clinic pract Tikkurila > Degree -Clinical practice info Optima work space Student will have a named teacher-facilitator to whom the student should return his/her practice goals by the end of the first week of of practice placement via e-mail. The goals need to be written on the learning contract (Evaluation form). The Teacher-facilitator will visit the student once during midpractice. Each student will be assigned at least one placement tutor during practice placement. The tutor will evaluate the student's performance on the basis of the objectives that the student has written and will give the teacher-facilitator a recommendation of PASS / FAIL of the practice placement.
Evaluation criteria and methods	• Practice placement is evaluated as PASS / FAIL / Re-do • Information on evaluation criteria is found on the learning contract (Evaluation form)
Other arrangements	Attendance during practice placement info and reflection is compulsory. Those absent from either of these sessions will have to make up for the hours in the units. The student will also give study unit feedback on day of reflection, which is immediately after the end of practice. Practice placement assignment should be done according to the

Implementation plan Finished

	instructions given by the teacher-facilitatorAt the end of practice, the student should upload the signed learning contract(Evaluation form) to his/her ePortfolio
