

Implementation plan Finished

Study unit	Family Nursing, Clinical Studies (R0063), 5.0
Implementation	SNV1621: 2/2016-2017 (09.01.2017 - 20.06.2017)
Type	SAFE AND ETHICAL PROMOTION OF HEALTH AND WELFARE (R017)
Groups	Primary: SNV216SN Others :
Involved in the project	
Lecturers	
Number of participants	Minimum: 20 Maximum: 40
Enrolment period	28.11.2016 08:00 - 01.01.2017
Main timing for implementation	
Applicability	For exchange students: No For elective studies: No Open UAS student: No Suitable for virtual UAS: Yes
Teachers	Tamankag Emmaculate (Teacher in charge), Vierula Jonna (Teacher in charge), Mulder Riikka (Other teacher)
Campus	Laurea Tikkurila
Main location for implementation	At the campus
Implementation method	Optima realization/student group, Project/venture/R&D, Web/virtual Language: English Virtuality: 2 cr Integration of R&D: 3 cr
Implementation class	
Focus areas	Expertise in nursing and coping at home
Evaluation at the latest	20.07.2017 Storing of graded material ends.: 20.06.2018
Exam days	
Having completed the study unit the student is able to	The student is able to • support and promote family health and well-being • promote the functional ability of a client requiring special support • plan and implement evidence-based counselling situations
Previous studies	
Previous studies, more information	
Contents	Contents: • Stages of family development • Multicultural family, • Parenting and strengthening parenting resources, • Growth and development of children and adolescents, • Family support in the growth and development of children and adolescents • Strengthening and guiding resources of children and youths Teaching method • Contact lectures • Online courses • Project work.
Study material	Family nursing1) Hockenberry MJ & Wilson D. 2009. Essentials of Pediatric Nursing. Mosby. Elsevier. St Louis. Missouri.2) Joana R. Kaakinen, Vivian Gedaly-Duff, Deborah P. Coehlo, Shirley M.H. Hanson. Family health care nursing, Practice and research 4th Edition. (PDF file) http://ners.unair.ac.id/materikuliaah/ebooksclub.org__Family_Health_Care_Nursing__Theory__P All material will be included in the online courseGynaecology and obstetrics: All material will be included in the online course
Tutoring and communication	Part 1. Family nursing LBD project 3cr / Emma TamankagPart 2. Pediatrics (On-line) 1 cr / Jonna VierulaPart 3. Gynaecology and Obstetrics (On-line) 1cr / Jonna Vierula

Implementation plan Finished

Evaluation criteria and methods	EvaluationPart 1: Family nursing exam Grade T1-H5/FAIL Part 2: Pediatric On-line PASS/FAIL/REDOReturn dates for Spring 2017:I) ad. 13.3.2017II) ad. 10.4.2017III) ad. 24.4.2017There are <u>3 returndates for the Spring 2017</u>meaning that the last returndate (III) is the last possibility to accomplish the course without the automatic possibility to redo. In addition, all the tasks are supposed to be done by the returndate you choose. Please notice, that the assignments returned<u>after 24.4.2017 are not accepted.</u> Part 3: Gynaecology and obstetrics On-line PASS/FAIL/REDO Returndates for Spring 2017:I) ad. 13.3.2017II) ad. 10.4.2017III) ad. 24.4.2017There are <u>3 returndates for the Spring 2017</u>meaning that the last returndate (III) is the last possibility to accomplish the course without the automatic possibility to redo. In addition, all the tasks are supposed to be done by the returndate you choose. Please notice, that the assignments returned<u>after 24.4.2017 are not accepted.</u>ATTENTION! ATTENTION! Concerning the online-courses of Paediatrics(Part 2) and Gynaecology and obstetrics (Part 3), returningdates have been changed and additional information given in the course platform in Optima at 1.3.2017as the following: <i>Due to the I practical training of the group SNV216SN (Tikkurila degree nursing students), the returndates for the Tikkurila nursing degree SNV216SN-students have been updated as the followings:</i> I 13.3.2017 II 17.4.2017 III 1.5.2017 <i>Please notice that as a student you make a personal plan for your independent studying of this online course. It is possible to finish it during Spring 2017 :). The first returndate does not mean that you HAVE (=on pakko) to return your assignment. As a student you might as well choose the second returningdate to finish your assignment. However, if you choose the 1st returningdate, you have a possibility for retake twice, if the second you have a possibility for retake once and if the third returningdate, your theoretical possibility for retakes is zero. You might as well return your assignment earlier, but the evaluation time (4 weeks) for the teacher starts from the official returningdate. In case of a retake the next returningdate will be modified together with the student and the teacher so that the student will have a fair amount of time to do his/her work if it does not match with the official returningdates of the course. Please notice that NO assignment is accepted after the 3rd returningdate (1.5.2017). If you have any questions or problems with proceeding during this course, do not hesitate to contact. This course will support your studies as a nurse and it is important to schedule it so that you will pass it during the Spring 2017.</i> <i>Best of luck!</i> <i>Regards, jonna.vierula@laurea.fi</i> Click on the link for the evaluation criteria
R&D methods	This course has been integrated with R0047 R& D methods, which is 5credits. The students will promote the health of a family through planning, implementing, evaluating and reporting an LbD project in cooperation with Vantaa International School
Work strain	1cr = 27hours of student's workloadPart 1. Family nursing/LbD project 3 credit = 81 hours of student's workload.Part 2. Pediatric(online course) 1 credit = 27 hours of student's workloadPart 3. Gynaecology and Obstetrics (online course) 1credit = 27

Implementation plan Finished

	hours of student's workload
Other arrangements	ATTENDANCE IN ALL LESSONS AS WELL AS IN THE LbD PROJECT IS COMPULSARY
