Type	SAFE AND ETHICAL PROMOTION OF HEALTH AND WELFARE (R017)
Groups	Primary: SNV216SN Others :
Involved in the project	
Lecturers	
Number of participants	Minimum: 15 Maximum: 30
Enrolment period	15.05.2017 08:00 - 31.05.2017
Main timing for implementation	According to a schedule agreed by the parties
Applicability	For exchange students: No For elective studies: No Open UAS student: No Suitable for virtual UAS: No
Teachers	Tamankag Emmaculate (Teacher in charge), Mulder Riikka (Other teacher), Tamankag Paul (Other teacher)
Campus	Laurea Tikkurila
Main location for implementation	At work place or work placement place
Implementation method	Optima realization/student group Language: English Virtuality: 0 cr Integration of R&D: 0 cr
Implementation class	LbD supporting knowledge and skills development
Focus areas	Expertise in nursing and coping at home
Evaluation at the latest	22.01.2018 Storing of graded material ends.: 22.12.2018
Exam days	
Having completed the study unit the student is able to	The student is able to • apply his or her knowledge and skills in nursing-related tasks to promote the well-being of clients/patients. • act as a member of a team in the planning, implementation and evaluation of client-oriented care.
Previous studies	
Previous studies, more information	Student must have PASSED the R0073 - Medication calculations prior to this practice. Student must have PARTICIPATED AND PASSED THE R0073 Basics of nursing interventions -workshops. Student must have PASSED the R0072 Basics of nursing interventions -theory exam. Student must have actively studied the R0062 including the internal medicine on-line course.
Contents	Practical training 7 weeks in medical units, home care units or pediatrics units, hospitals or health center wards.. Training time week 32- 38. Teachers: Riikka Mulder, Emma Tamankag and Paul Tamankag
Study material	Practice placement guide and learning contract are in the Amm harj/ Clinic pract Tikkurila optima work space Practice placement facilitator will comment on the student's learning contract. The learning contract will be accepted by the facilitator, student's tutor and the student. Practice placement assignment should be done according to the instructions given by the facilitator. At the end of practice, the student will upload the signed learning contract to his/her ePortfolio in Optima
Evaluation criteria and methods	Evaluated as PASS / FAIL / Re-do Student will have a named teacher-facilitator to whom the student should return his/her practice goals/ objectives by the end of the first week of the practical placement via e-mail. The goals/ objectives need to be written on the learning contract. Each student should have a nurse mentor named for the practice on the practical placement. This nurse-mentor will evaluate the student's performance against the objectives that the student has written and will give the teacher-facilitator a recommendation of PASS / FAIL of the practice placement. Information on assessment of the practical placement can be found on the learning contract.

Implementation plan Finished

Work strain	Attendance during practice placementINFO before practice and REFLECTION at the end of practice is compulsory. During the info session, the facilitator(s) will go through details of practical issues that the student will need before, during and at the end of practice. Working hours; 1cr=27 hoursThe student will also give study unit feedback on the day of reflection, which is immediately after the end of practice
